REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The independent claims contain the ability to set compiler options which result in producing files that are used to build a test script. Although, the Examiner located references for generating test scripts the prior art of record failed to perform in the same steps as the claimed invention. The log files stored in a computer readable medium are the results of the compiling with options set. Prior art of record is silence to these limitations in combination of build a test script.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
